

The **UNIVERSITY of BMX** and **ATTRACTIEPARK SLAGHAREN** are the organizers of the “International Old Skool of BMX Reunion & Celebration of 30 years of BMX in Holland and therefore in Europe.

Waalre/Slagharen, April 9th. 2009.

Dear friends in BMX, Old Skool BMX riders and officials,

More than 30 years ago, I introduced the sport of BMX during an International Moto-Cross event at the “Euro-circuit” in Valkenswaard – Holland. About 8 months later, to be precise October 19th 1978 we formed the Stichting Fietscross Nederland (S.F.N.) and BMX became then an official sport.

We cordially invite Old Skool BMX riders from the period 1978 till 1994 to be part of the first international BMX Reunion in Europe and celebrate as well the 30 years of existence of the sport of BMX. We will come together and socialize at the location where in 1983 the first outside-USA BMX World Championships took place in Holland at ATTRACTIEPARK SLAGHAREN (at that time called PONY PARK Slagharen).

At this venue, several years after the 1983 Worlds, special designed and prepared BMX TV events were broadcasted Nationwide and among others a couple of European Championships (individual and teams) took place here as well as 10 European Challenge Cup events, probably well remembered by many of you all.

Besides O.S. riders, also former officials are more than welcome and of course those interested fans/supporters from back then are welcome as well to have a great weekend at the amusement park, socializing, talking history and meeting old friends from the early days of BMX.

This unique weekend will take place from **Friday 2nd till Sunday October 4th 2009**. Most of the Old Skool BMX riders do have families themselves now and together with their children these young families can have a great time. There is no better place to have this Reunion and Celebration than at Attractiepark Slagharen.

Wouldn't it be nice to meet old friends, former competitors and talk about the early days of the sport? Show your children how this sport started out and explain them what their parents mend in the developing of the sport. Besides that, the children can have a great time at the Amusement park itself.

Just like the old days, a special section of the cottage area has been reserved for this happening. Like in the early days, a BMX village will be formed and this is done not only at the park itself, but also on the camping-site. The camping-site was a favourite place for many National and International riders and their families.

Accommodation.

Participants and their families (2 parents and 4 children) are able to rent a cottage, type Arizona from **October 2nd till October 4th 2009 for the price of € 175,-** (this price includes free entrance amusement park). For more details and booking, check the website www.slagharen.com On the opening page, click on special offers on top right (**Aanbiedingen & Acties**), then click on more offers (**Overige aanbiedingen & perioden**), then click on (top left) **<terug naar overzicht**, on this page top right at special offers, write down code (**Aanbiedingen Code invoeren**), write: **BMX1**.

Specially for this occasion also non families, like a group of friends of Old Skool BMX'ers, will be allowed to rent a cottage, only limit is a maximum of **4 adults** in one cottage.

If you are planning on using a camper, caravan or tent, the Slagharen Camping-site is available for you. One location (for camper, caravan or tent; seize doesn't matter) for the weekend of **October 2nd through October 4th 2009 will cost you € 88,= total** and includes free entry of Attractiepark Slagharen for 2 adults and max. 4 children. For more details and booking, follow the procedure as mentioned above. Check the website www.slagharen.com and write down the code: **BMX2**.

It will also be possible to visit the Attractiepark Slagharen on just one day, or during the whole weekend, when you are staying somewhere outside the park (Hotel). Information on prices for one day tickets or a passe-partout (3 day ticket), where and when to buy them, will be published later on.

We are sorry to say that there is **no** “BMX Stadion Slagharen” anymore. The track has been closed and removed since 1994.

More detailed information like prices for day tickets, passe partout, the weekend program, names of participants Reunion and so on, will also be published at the website www.univofbmx.com from May 2009 on.
